

Cisco ASA Removable Rules Report

October 25, 2024 at 6:57:16 PM UTC

Displays security rules that are inconsistent in the policy because they are redundant (matching traffic and action with a rule higher in the policy), shadowed (matching traffic but not action with a rule higher in the policy) that should be analyzed further before removal to cleanup policy inconsistencies.

Include Rules Causing Shadowing or Redundancy: Yes | Include Object Details: No | Device Summary: Yes

Include Group Members: No

This device has 5rules which have been identified as removable.

Policy | Inside_access_in (IPV4)

This policy has 4rules which have been identified as removable.

Recommendation: Remove Rule 41

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
 Policy:Inside_access_in Number:41 Nameline 80	Source Zone  Inside	Destination Zone  Any	Service  Any	Action  Accept	Enabled		T20160609.0069 -BETH4 Firewall rule request for Symbotic Reporting VM
	Source  RemoteAccessVPNUsers	Destination  obj-172.24.146.170					

Rule 41 is made redundant by rule 40.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:Inside_access_in Number:40 Nameline 78	Source Zone  Inside Source  RFC1918_Space	Destination Zone  Any Destination  obj-172.24.146.170	Service  Any	Action  Accept	Enabled		T20160608.0468 - Open up RDP access to DB REPORT VM on symbotic network

Recommendation: Remove Rule 43

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
 Policy:Inside_access_in Number:43 Nameline 82	Source Zone  Inside	Destination Zone  Any	Service  Any	Action  Accept	Enabled		
	Source  RemoteAccessVPNUsers	Destination  BastionDevsAllowedClientVPN					

Rule 43 is made redundant by rule 38.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:Inside_access_in Number:38 Nameline 75	Source Zone  Inside Source  RemoteAccessVPNUsers	Destination Zone  Any Destination  10.146.10.0/255.255.255.0	Service  Any	Action  Accept	Enabled		Permit any 10dot to Dematic Network

Recommendation: Remove Rule 44

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:Inside_access_in Number:44 Nameline 84	Source Zone Inside	Destination Zone Any	Service TCP tcp-2170	Action Accept	Enabled		To allow KNAPP communications UNSEC EMER
	Source RFC1918_Space	Destination KNAPP-SUBNETS					

Rule 44 is made redundant by rule 4.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:Inside_access_in Number:4 Nameline 9	Source Zone Inside Source RFC1918_Space	Destination Zone Any Destination KNAPP-SUBNETS	Service Any	Action Accept	Enabled		Permit unrestricted access from C&S to Knapp networks.

Recommendation: Remove Rule 45

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:Inside_access_in Number:45 Nameline 86	Source Zone Inside	Destination Zone Any	Service TCP tcp-2160	Action Accept	Enabled		To allow KNAPP communications UNSEC EMER
	Source RFC1918_Space	Destination KNAPP-SUBNETS					

Rule 45 is made redundant by rule 4.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:Inside_access_in Number:4 Nameline 9	Source Zone Inside Source RFC1918_Space	Destination Zone Any Destination KNAPP-SUBNETS	Service Any	Action Accept	Enabled		Permit unrestricted access from C&S to Knapp networks.

Policy | KNAPP_access_in (IPV4)

This policy has 1rule which has been identified as removable.

Recommendation: Remove Rule 6

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:KNAPP_access_in Number:6 Nameline 12	Source Zone KNAPP	Destination Zone Any	Service DM_INLINE_ICMP_3	Action Accept	Enabled		Permit PING from the KNAPP VRF Layer3 VLAN 2027 Interface
	Source 10.146.27.1	Destination RFC1918_Space					

Rule 6 is made redundant by rule 4.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:KNAPP_access_in Number:4 Nameline 8	Source Zone KNAPP Source KNAPP-SUBNETS	Destination Zone Any Destination RFC1918_Space	Service DM_INLINE_ICMP_1	Action Accept	Enabled		Permit PING from the KNAPP VRF Layer3 interface IP

This device has 0rules which have been identified as removable.

This device has 0rules which have been identified as removable.

This device has 103rules which have been identified as removable.

Policy | DMZ_IN (IPV4)

This policy has 73rules which have been identified as removable.

Recommendation: Remove Rule 17

Recommendation: Remove Rule 158

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:158 Nameline 162	Source Zone DMZ	Destination Zone Any	Service Service_NTP	Action Accept	Enabled		
	Source GIS_DMZ_QA	Destination CNS_NTP_Servers					

Rule 158 is made redundant by rule 157.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:157 Nameline 161	Source Zone DMZ	Destination Zone Any	Service Service_NTP	Action Accept	Enabled		
	Source GIS_DMZ_QA	Destination CNS_NTP_Servers					

Recommendation: Remove Rule 160

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:160 Nameline 164	Source Zone DMZ	Destination Zone Any	Service Service_DNS	Action Accept	Enabled		
	Source GIS_DMZ_QA	Destination CNS_DNS_Servers					

Rule 160 is made redundant by rule 159.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:159 Nameline 163	Source Zone DMZ	Destination Zone Any	Service Service_DNS	Action Accept	Enabled		
	Source GIS_DMZ_QA	Destination CNS_DNS_Servers					

Recommendation: Remove Rule 168

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:168 Nameline 172	Source Zone DMZ	Destination Zone Any	Service Service_NTP	Action Accept	Enabled		
	Source GIS_DMZ_Prod	Destination CNS_NTP_Servers					

Rule 168 is made redundant by rule 167.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:167 Nameline 171	Source Zone DMZ	Destination Zone Any	Service Service_NTP	Action Accept	Enabled		
	Source GIS_DMZ_Prod	Destination CNS_NTP_Servers					

Recommendation: Remove Rule 170

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:170 Nameline 174	Source Zone DMZ	Destination Zone Any	Service Service_DNS	Action Accept	Enabled		
	Source GIS_DMZ_Prod	Destination CNS_DNS_Servers					

Rule 170 is made redundant by rule 169.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:169 Nameline 173	Source Zone DMZ	Destination Zone Any	Service Service_DNS	Action Accept	Enabled		
	Source GIS_DMZ_Prod	Destination CNS_DNS_Servers					

Recommendation: Remove Rule 177

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:177 Nameline 181	Source Zone DMZ	Destination Zone Any	Service Service_NTP	Action Accept	Enabled		
	Source GIS_DMZ_DEV	Destination CNS_NTP_Servers					

Rule 177 is made redundant by rule 167.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:167 Nameline 171	Source Zone DMZ	Destination Zone Any	Service Service_NTP	Action Accept	Enabled		
	Source GIS_DMZ_Prod	Destination CNS_NTP_Servers					

Recommendation: Remove Rule 178

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:178 Nameline 182	Source Zone DMZ	Destination Zone Any	Service Service_NTP	Action Accept	Enabled		
	Source GIS_DMZ_DEV	Destination CNS_NTP_Servers					

Rule 178 is made redundant by rule 167.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:167 Nameline 171	Source Zone DMZ	Destination Zone Any	Service Service_NTP	Action Accept	Enabled		
	Source GIS_DMZ_Prod	Destination CNS_NTP_Servers					

Recommendation: Remove Rule 179

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:179 Nameline 183	Source Zone DMZ	Destination Zone Any	Service Service_DNS	Action Accept	Enabled		
	Source GIS_DMZ_DEV	Destination CNS_DNS_Servers					

Rule 179 is made redundant by rule 169.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:169 Nameline 173	Source Zone DMZ	Destination Zone Any	Service Service_DNS	Action Accept	Enabled		
	Source GIS_DMZ_Prod	Destination CNS_DNS_Servers					

Recommendation: Remove Rule 180

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:180 Nameline 184	Source Zone DMZ	Destination Zone Any	Service Service_DNS	Action Accept	Enabled		
	Source GIS_DMZ_DEV	Destination CNS_DNS_Servers					

Rule 180 is made redundant by rule 169.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:169 Nameline 173	Source Zone DMZ	Destination Zone Any	Service Service_DNS	Action Accept	Enabled		
	Source GIS_DMZ_Prod	Destination CNS_DNS_Servers					

Recommendation: Remove Rule 181

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:181 Nameline 185	Source Zone DMZ	Destination Zone Any	Service tcp	Action Accept	Enabled		
	Source GIS_DMZ_DEV	Destination CNS_COMVault_Agents					

Rule 181 is made redundant by rule 171.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:171 Nameline 175	Source Zone DMZ	Destination Zone Any	Service tcp	Action Accept	Enabled		
	Source GIS_DMZ_Prod	Destination CNS_COMVault_Agents					

Recommendation: Remove Rule 182

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:182 Nameline 186	Source Zone DMZ	Destination Zone Any	Service udp	Action Accept	Enabled		
	Source GIS_DMZ_DEV	Destination CNS_COMVault_Agents					

Rule 182 is made redundant by rule 172.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:172 Nameline 176	Source Zone DMZ	Destination Zone Any	Service udp	Action Accept	Enabled		
	Source GIS_DMZ_Prod	Destination CNS_COMVault_Agents					

Recommendation: Remove Rule 183

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:183 Nameline 187	Source Zone DMZ	Destination Zone Any	Service Service_GIS_DEV	Action Accept	Enabled		
	Source GIS_DMZ_DEV	Destination GIS_APP_DEV					

Rule 183 is made redundant by rule 141.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:141 Nameline 145	Source Zone DMZ	Destination Zone Any	Service Any	Action Accept	Enabled		
	Source DMZ_IN	Destination Any4					

Recommendation: Remove Rule 184

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:184 Nameline 188	Source Zone DMZ	Destination Zone Any	Service Any	Action Accept	Enabled		
	Source GIS_DMZ_DEV	Destination 10.0.17.14					

Rule 184 is made redundant by rule 174.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:174 Nameline 178	Source Zone DMZ	Destination Zone Any	Service Any	Action Accept	Enabled		
	Source GIS_DMZ_Prod	Destination 10.0.17.14					

Recommendation: Remove Rule 185

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:185 Nameline 189	Source Zone DMZ	Destination Zone Any	Service Any	Action Accept	Enabled		
	Source GIS_DMZ_DEV	Destination 10.0.17.15					

Rule 185 is made redundant by rule 175.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:175 Nameline 179	Source Zone DMZ	Destination Zone Any	Service Any	Action Accept	Enabled		
	Source GIS_DMZ_Prod	Destination 10.0.17.15					

Recommendation: Remove Rule 186

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:186 Nameline 190	Source Zone DMZ	Destination Zone Any	Service tcp-smtp	Action Accept	Enabled		
	Source GIS_DMZ_DEV	Destination CandS-SMTP-Relays					

Rule 186 is made redundant by rule 176.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:176 Nameline 180	Source Zone DMZ	Destination Zone Any	Service tcp-smtp	Action Accept	Enabled		
	Source GIS_DMZ_Prod	Destination CandS-SMTP-Relays					

Recommendation: Remove Rule 192

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:192 Nameline 196	Source Zone DMZ	Destination Zone Any	Service Service_DNS	Action Accept	Enabled		
	Source FSS_QA_DMZ_Servers	Destination CNS_DNS_Servers					

Rule 192 is made redundant by rule 191.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:191 Nameline 195	Source Zone DMZ	Destination Zone Any	Service Service_DNS	Action Accept	Enabled		
	Source FSS_QA_DMZ_Servers	Destination CNS_DNS_Servers					

Recommendation: Remove Rule 199

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:199 Nameline 203	Source Zone DMZ	Destination Zone Any	Service Service_DNS	Action Accept	Enabled		
	Source FSS_PR_Servers	Destination CNS_DNS_Servers					

Rule 199 is made redundant by rule 198.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:198 Nameline 202	Source Zone DMZ	Destination Zone Any	Service Service_DNS	Action Accept	Enabled		
	Source FSS_PR_Servers	Destination CNS_DNS_Servers					

Recommendation: Remove Rule 208

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:208 Nameline 212	Source Zone DMZ	Destination Zone Any	Service Service_NTP	Action Accept	Enabled		
	Source ES3B_DMZ_WMSV2_Servers	Destination CNS_NTP_Servers					

Rule 208 is made redundant by rule 205.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN Number:205 Nameline 209	Source Zone DMZ	Destination Zone Any	Service Service_NTP	Action Accept	Enabled		
	Source ES3B_DMZ_WMSV2_Servers	Destination CNS_NTP_Servers					

Recommendation: Remove Rule 209

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:DMZ_IN ➔ Number:209 Nameline 213	Source Zone 📁 DMZ	Destination Zone ✳ Any	Service 📁 Service_DNS	Action ✔ Accept	Enabled

Rule 107 is made redundant by rule 98.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_INSIDE Number:98 Nameline 116	Source Zone IF_SERVER	Destination Zone Any	Service tcp-www	Action Accept	Enabled		T20160823.0395 ZScaler Implementation
	Source InternalNetworks	Destination Any					

Recommendation: Remove Rule 111

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_INSIDE Number:111 Nameline 131	Source Zone IF_SERVER	Destination Zone Any	Service srvg--Ivanti-DMZ-to-Inside-Service-Ports	Action Accept	Enabled		T20200214.0180-Ivanti--to-DMZ-Servers
	Source objg-10.0.40.64	Destination 192.168.204.0/255.255.255.0					

Rule 111 is made redundant by rule 11.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_INSIDE Number:11 Nameline 23	Source Zone IF_SERVER	Destination Zone Any	Service Any	Action Accept	Enabled		Permit traffic from Keene DC into DMZ
	Source 10.0.0.0/255.255.0.0	Destination 192.168.204.0/255.255.255.0					

Policy | ACL_NONAT_INSIDE (IPv4)

This policy has 1rule which has been identified as removable.

Recommendation: Remove Rule 4

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_NONAT_INSIDE ➔ Number:4 Nameline 4	Source Zone ✳ Any Source 📄 172.20.112.62	Destination Zone ✳ Any Destination ✳ 172.29.83.128/255.255.255.192	Service ✳ Any	Action ✔ Accept	Enabled		

Rule 4 is made redundant by rule 1.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_NONAT_INSIDE ➔ Number:1 Nameline 1	Source Zone ✳ Any Source ✳ Any	Destination Zone ✳ Any Destination 🌐 AwiStoreNetworks	Service ✳ Any	Action ✔ Accept	Enabled		

Policy | ACL_OUTSIDE (IPv4)

This policy has 11rules which have been identified as removable.

Recommendation: Remove Rule 31

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE ➔ Number:31 Nameline 32	Source Zone 🌐 outside Source 🌐 StoreChildDCs	Destination Zone ✳ Any Destination 🌐 StoreForestRootDCs	Service 📄 tcp-135	Action ✔ Accept	Enabled		

Rule 31 is made redundant by rule 24.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE ➔ Number:24 Nameline 25	Source Zone 🌐 outside Source 🌐 AwiStoreNetworks	Destination Zone ✳ Any Destination 🌐 StoreForestRootDCs	Service 📄 tcp-135	Action ✔ Accept	Enabled		

Recommendation: Remove Rule 32

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:32 Nameline 33	Source Zone outside	Destination Zone Any	Service tcp-netbios-ssn	Action Accept	Enabled		
	Source StoreChildDCs	Destination StoreForestRootDCs					

Rule 32 is made redundant by rule 26.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:26 Nameline 27	Source Zone outside	Destination Zone Any	Service tcp-netbios-ssn	Action Accept	Enabled		
	Source AwiStoreNetworks	Destination StoreForestRootDCs					

Recommendation: Remove Rule 34

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:34 Nameline 35	Source Zone outside	Destination Zone Any	Service tcp-ldap	Action Accept	Enabled		
	Source StoreChildDCs	Destination StoreForestRootDCs					

Rule 34 is made redundant by rule 25.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:25 Nameline 26	Source Zone outside	Destination Zone Any	Service tcp-ldap	Action Accept	Enabled		
	Source AwiStoreNetworks	Destination StoreForestRootDCs					

Recommendation: Remove Rule 36

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:36 Nameline 37	Source Zone outside	Destination Zone Any	Service tcp-domain	Action Accept	Enabled		
	Source StoreChildDCs	Destination StoreForestRootDCs					

Rule 36 is made redundant by rule 21.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:21 Nameline 22	Source Zone outside	Destination Zone Any	Service tcp-domain	Action Accept	Enabled		
	Source AwiStoreNetworks	Destination StoreForestRootDCs					

Recommendation: Remove Rule 37

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:37 Nameline 38	Source Zone outside	Destination Zone Any	Service tcp-88	Action Accept	Enabled		
	Source StoreChildDCs	Destination StoreForestRootDCs					

Rule 37 is made redundant by rule 22.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:22 Nameline 23	Source Zone outside	Destination Zone Any	Service tcp-88	Action Accept	Enabled		
	Source AwiStoreNetworks	Destination StoreForestRootDCs					

Recommendation: Remove Rule 38

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:38 Nameline 39	Source Zone outside	Destination Zone Any	Service tcp-445	Action Accept	Enabled		
	Source StoreChildDCs	Destination StoreForestRootDCs					

Rule 38 is made redundant by rule 28.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:28 Nameline 29	Source Zone outside	Destination Zone Any	Service tcp-445	Action Accept	Enabled		
	Source AwiStoreNetworks	Destination StoreForestRootDCs					

Recommendation: Remove Rule 39

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:39 Nameline 40	Source Zone outside	Destination Zone Any	Service udp-domain	Action Accept	Enabled		
	Source StoreChildDCs	Destination StoreForestRootDCs					

Rule 39 is made redundant by rule 20.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:20 Nameline 21	Source Zone outside	Destination Zone Any	Service udp-domain	Action Accept	Enabled		
	Source AwiStoreNetworks	Destination StoreForestRootDCs					

Recommendation: Remove Rule 40

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:40 Nameline 41	Source Zone outside	Destination Zone Any	Service udp-389	Action Accept	Enabled		
	Source StoreChildDCs	Destination StoreForestRootDCs					

Rule 40 is made redundant by rule 27.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:27 Nameline 28	Source Zone outside	Destination Zone Any	Service udp-389	Action Accept	Enabled		
	Source AwiStoreNetworks	Destination StoreForestRootDCs					

Recommendation: Remove Rule 41

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:41 Nameline 42	Source Zone outside	Destination Zone Any	Service udp-88	Action Accept	Enabled		
	Source StoreChildDCs	Destination StoreForestRootDCs					

Rule 41 is made redundant by rule 23.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:23 Nameline 24	Source Zone outside	Destination Zone Any	Service udp-88	Action Accept	Enabled		
	Source AwiStoreNetworks	Destination StoreForestRootDCs					

Recommendation: Remove Rule 43

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:43 Nameline 44	Source Zone outside	Destination Zone Any	Service tcp-49152	Action Accept	Enabled		
	Source StoreChildDCs	Destination StoreForestRootDCs					

Rule 43 is made redundant by rule 29.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:29 Nameline 30	Source Zone outside	Destination Zone Any	Service tcp-49152	Action Accept	Enabled		
	Source AwiStoreNetworks	Destination StoreForestRootDCs					

Recommendation: Remove Rule 46

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:46 Nameline 47	Source Zone outside	Destination Zone * Any	Service icmp	Action Accept	Enabled		
	Source StoreChildDCs	Destination StoreForestRootDCs					

Rule 46 is made redundant by rule 30.

Rule Summary	Source / User	Destination	Application / Service / URL Category	Action / Security Profile / TCP Flags / Schedule Object	Logging	Tags	Comments
Policy:ACL_OUTSIDE Number:30 Nameline 31	Source Zone outside	Destination Zone * Any	Service icmp	Action Accept	Enabled		
	Source AwiStoreNetworks	Destination StoreForestRootDCs					

This device has 0rules which have been identified as removable.
