

C&S Wholesale Grocers, Inc. and Subsidiaries

Policy Title: Mobile Device Management
Effective Date: June 6, 2024
Policy Number: CSISAM002 **Version Number:** 3.0
Policy Owner: Vice President, Corporate Systems
Department Owner: IS

I. Purpose

Mobile telecommunication devices may be used by employees of C&S Wholesale Grocers, Inc. (together with subsidiaries and affiliates, collectively, the "Company") for whom the nature of their work requires wide mobility and simultaneous access to public and private voice and data networks, outside of their regular work hours, or when they are away from their primary work location.

This policy provides such employees, upon Senior Vice President Approval; the option of being provided either a Company provided mobile telecommunication device or receiving a stipend toward the use of their personal mobile telecommunications device for business purposes.

This policy defines the criteria and necessary actions to ensure that the Company's mobile telecommunications device environment is managed in a manner consistent with business and Technology requirements and best practices.

This policy provides the framework for confirming that treatment of mobile telecommunications devices:

- Is based on the responsible use of such devices;
- Adheres to Company and industry standards;
- Is consistent throughout the Company; and
- Complies with Company, legal, and regulatory requirements.

Applicability

This policy applies to all employees who are issued Company mobile telecommunications device equipment or provided stipends for using their personal telecommunications devices to conduct Company business. It is applicable to internal and external resources, unless otherwise stipulated in specific contractual agreements. Different rules may apply for certain job categories.

The policy covers all mobile telecommunications device assets and services owned, leased, or operated by the Company, including cellular telephones, those cellular devices known as "smartphones", tablets, and mifi devices. Other types of mobile telephone devices (such as net books, and laptop computers) are not covered under this policy.

Objectives

- To fully describe procedures and processes required for procurement, possession, and proper operation of Mobile Devices.
- To ensure mobile telecommunications device use is correctly authorized and monitored.
- To minimize the cost of maintaining the Company's mobile communication environment while maximizing the efficiency of information/data exchange.
- To emphasize the need for senior management approval when obtaining or increasing Mobile Device assets.
- To promote the responsible use of mobile telecommunications devices.

C&S Wholesale Grocers, Inc. and Subsidiaries

II. Responsibilities

Role	Responsibility
Executive Vice President (EVP)	Executive Vice Presidents serve as control points for Mobile Device assets & stipends issued to employees and authorized Company representatives within their respective areas.
IS Program Office	The IS Program Office has authority and primary responsibility for establishing policy concerning the management of Company Mobile Devices. The Program Office ensures that execution of internally established Mobile Device policy and procedures conform to Company financial policies and industry best practice standards.
Administrator	The Administrator is the central point of contact for Mobile Device issuance and consultation on matters pertaining to the Mobile Device environment. The current administrator is Kim Saunders, email: ksaunder@cswg.com.
Mobile Device Approver	A Senior Vice President responsible for reviewing, validating, approving, and recertifying Mobile Device use and stipends for internal and external resources within his or her organization.
Mobile Device User	An individual utilizing either a Company issued Mobile Device or a Mobile Device subsidized by a Company stipend to perform one or more functions essential to core Company business activities who requires real-time access to Company resources, systems, and/or data while operating away from his or her primary work station. Mobile Device Users include, but are not limited to, senior executive staff. Mobile Device Users are also referred to as "employees" in this policy. <i>(See sections 3 & 4 of this policy for detailed responsibilities of Mobile Device Users.)</i>

III. Mobile Device Issuance

Eligibility

Mobile telecommunication devices or stipends for those preferring to use their personal mobile communications equipment are provided to employees whose job responsibilities require them to respond to Company business outside regular business hours or while away from the office as solely determined by the Company.

Depending upon the employee's job responsibilities, the employee may be required to maintain a cellular telephone capable of receiving text messages and/or a device capable of receiving e-mail messages.

Approval

1. An individual identifying a need for a Mobile Device will submit a Mobile Device Request Form, CSISAM002-01F.
2. The Senior Vice President within the requestor's organizational chain must review and approve the request. He or she may require subordinate managerial staff within the requestor's chain to validate prior to the review, but it is the responsibility of the Senior Vice President to authorize or reject the request. In the case of an employee using the stipend option, said employee must communicate the nature of the wireless plan chosen to ensure such plan

C&S Wholesale Grocers, Inc. and Subsidiaries

will meet the needs of the Company. The ultimate determination of whether a request is approved or denied rests solely with the discretion of the applicable Senior Vice President.

3. Subsequent to request approval and prior to issuance, Mobile Device/stipend requestors will complete a Mobile Device Acceptance Form, CSISAM002-02F.

Company Provided Devices and Telecommunications Plans

1. The kind of device/plan issued will be the least expensive type that will fulfill the needs of the Mobile Device User to effectively perform his or her duties while away from his primary workstation.
2. Company provided device / plan may also include accessories necessary for the safety of the employee or to maintain the device in an operational state. Examples of Company provided device accessories may include: screen protectors, wall chargers, car chargers, and carrying cases.
3. Company property includes the cellular telephone number assigned to the device. Employees are not allowed to transfer or port the number to a non-Company telephone without obtaining Company permission in advance.
4. All Company provided Mobile Devices remain Company property and there should be no expectation of privacy with respect to the use of such devices for any purpose, including to access the internet or to send or receive emails, text messages, or calls. The Company may monitor use and/or provide information to third-parties without notification or consent of the employee.
5. Employees who lose their phone due to theft, damage, misplacement, or other acts are required to immediately notify the Company.
6. The Company reserves the right to discontinue the provision of Company provided mobile telecommunications devices at any time and without notice to the employee.

Employee Provided Devices / Stipend

1. Eligible employees may elect to receive a stipend of \$30.00 per month in lieu of a Company provided mobile communications device and service plan. This stipend represents full compensation for business use of the Mobile Device. Under this program, the employee understands that he or she will be unable to expense additional Mobile Device costs (including a replacement phone or accessories) through the Company's expense reimbursement policies.
2. Employees electing this option will be required to obtain a mobile communications device and a service provider that delivers comparable service as the Company's current equipment and service.
3. Employees using their own equipment and service plans are required to comply with all Company policies, including but not limited to, the Code of Conduct, Standard Operating Procedures (SOPs), and policies regarding appropriate use of Company assets and to protect Company information from viruses, hacking and other unauthorized access. Employees are required to notify the Company of any security breach or compromise immediately.
4. Employees who lose the use of their phone due to theft, damage, misplacement, or other acts are required to immediately notify the Company. Employees are also required to have an operational replacement Mobile Device within 24 hours after the loss.

C&S Wholesale Grocers, Inc. and Subsidiaries

5. The Company can discontinue the stipend for any reason, without notice and without employee consent at any time.
6. The Company may require the employee to switch to a Company provided device and service plan at any time, for any reason without notice.
7. In consideration for acceptance of the stipend under this policy, an employee consents to and agrees to request from his or her service provider and provide to the Company, records of call logs, email, text messages and records of other communication activity upon the request of the Company. Employees have no expectation of privacy with respect to the use of such devices for any purpose, including to access the internet or to send or receive emails, text messages, or calls.
8. The Company may request itemized bills or other account information for any device used to conduct Company business and may also request to inspect the device. By choosing to utilize the monthly stipend option, the employee agrees to promptly provide all requested information, and/or the device itself, for inspection upon Company request.
9. The Company may provide any information to legal authorities, third parties, or under court order without notice or consent from the employees.
10. An employee is required to promptly notify the Company of any plan changes that could impact employee's ability to use his or her mobile telecommunications device for Company purposes and confirm compatibility of any mobile telephone device and / or service plan prior to any change. The Company has a right to not accept such change if it does not satisfy the needs of the Company.
11. Employee agrees to notify the Administrator and his or her direct supervisor of any changes to the cellular telephone number within 24 hours of such change.
12. Employees opting to receive the stipend agree to properly maintain their mobile telecommunications devices and remain current with their individual plans. Notwithstanding the monthly stipend, all costs associated with the mobile telecommunications device and the plan are the sole responsibility of the employee.
13. Employees opting for a stipend to subsidize basic operating costs on a previously issued Company device must accept ownership of the account (i.e., phone number) for billing purposes.
14. The Company will not be liable for any damages arising out of or related to an employee's use of a Mobile Device being used for Company business.

Program Administration

The Senior Vice President will periodically recertify the need for Mobile Devices assigned to his or her area.

The Administrator will establish procedures for monitoring and maintaining records related to Mobile Device administration including: justification forms, acceptance forms, communications billing statements, and inventory records.

For Company owned Mobile Devices, the Company will establish procedures for reviewing monthly cellular billing statements for the purpose of determining unauthorized charges and for recovery of such charges from the offending Mobile Device Users.

IV. Mobile Device Operation

1. Mobile Device Users will conform to all applicable policies and procedures, including those pertaining to safety, security, conduct, Internet use, social networking, and online media.
2. Mobile Device Users shall operate equipment in accordance with federal, state and local laws and regulations.
3. Unless permitted by applicable law and using a hands free headset, Mobile Device Users are to refrain from using any Mobile Device while driving a motor vehicle,

C&S Wholesale Grocers, Inc. and Subsidiaries

Regardless of the circumstances, including slow or stopped traffic, employees should pull off to the side of the road and safely stop the vehicle before actively receiving, reading, responding to, or initiating any communication. Those who violate this policy while driving and/or are charged with traffic violations resulting from the use of these devices while driving will be solely responsible for all penalties and liabilities resulting from such actions. In addition, if physical damage or injuries are attributed to an employee's violation of this policy, the employee may be subject to discipline up to and including discharge.

4. Hourly employees must not use the Mobile Device for work unless on working time that is promptly reported to the Company.
5. Employees using Mobile Devices are responsible for securing them at all times. Wireless devices are not secure and employees should use applicable discretion when relaying confidential information on such devices, such as using the Send Secure option and to otherwise encrypt sensitive data. Whenever possible, Mobile Device Users will avoid transmitting sensitive information over unsecured networks. Employees should not use Company provided Mobile Devices to store sensitive or personal information.
6. Mobile Device Users should delete any sensitive or personal information stored on their devices immediately after their work with it is completed.
7. Mobile Device Users may only upload Company data that is essential to their role onto their Mobile Device.
8. Mobile Device Users should take any and all reasonable measures to secure the device and any data it contains or may access including activating any tracking services such as Find my iPhone or iPad, and keeping the device physically secure. For example, the device should not be left unattended in a publicly accessible location, and under no circumstances will Company equipment be shared with individuals not employed or engaged by the Company.
9. Mobile Device Users will report loss or theft of equipment to Help Desk Operations immediately upon discovery.
10. Should a Mobile Device User suspect that unauthorized access to Company data has taken place via a Mobile Device, they must report the incident to Help Desk Operations immediately.
11. Mobile Devices reported as lost, misplaced, or stolen will be wiped.
12. Mobile Device Users are responsible for the backup of their own personal data and the Company will accept no responsibility for the loss of personal data due to a non-compliant device being wiped for security reasons.
13. Mobile Device Users will not share equipment with other employees, except as stipulated in the original request and approval process. Under no circumstances will Company equipment be shared with individuals not employed or engaged by the Company.
14. Mobile Device Users must maintain the level of professionalism and appropriate conduct expected within the Company's professional working environment.
15. Company issued Mobile Devices will be used primarily for the conduct of Company business, and not for recreational purposes.
16. All devices should be configured with a PIN, pattern, password, or biometric enabled lock screen configured to activate at no more than 5 minutes of inactivity. The PIN, or password must not be the same as any other credentials used within the organization.

C&S Wholesale Grocers, Inc. and Subsidiaries

17. All devices with built in encryption capability should have encryption turned on.
18. Company provided devices must be returned to the Administrator or Human Resources departments immediately upon termination of an employee's relationship with The Company or when remote access is no longer required, and device lock codes and Apple ID and passwords, if applicable, must be provided.
19. All devices that have been used to store, access, and/or process sensitive or personal information will be wiped to remove such data.
20. Mobile Device Users should consult the device user manual and learn how their device functions. For instance not all Mobile Device Users are aware that when they open an e-mail attachment a copy of that attachment is downloaded and stored on the device.
21. Mobile Device Users must be cautious about the merging of personal and work e-mail accounts on their devices. They must take particular care that Company data is only sent through the corporate e-mail system.
22. Mobile Devices must not be connected to a computer that does not have up to date and enabled anti-virus and anti-malware protection.
23. Mobile Device Users will ensure that no modification occurs to either the Mobile Device, or its operating system that could potentially void the manufacturer's standard security configuration or warranty. This includes, but is not limited to, "jailbreaking" or "rooting"* a device.
24. Information on a Mobile Device may be subject to a forensic audit or evidentiary review and used or disclosed by the Company as reasonably necessary as follows:
 - a) In order to avoid, prevent, or mitigate the consequences of a violation of this policy;
 - b) In connection with the investigation of a possible or proven security breach, security incident, or violation of Company's policies;
 - c) In order to protect the life, health, privacy, reputational, or financial interests of any Company employee;
 - d) In order to protect any assets, information, trade secrets, intellectual property, reputational or financial interests of the Company
 - e) For purposes of litigation involving the Mobile Device User; or
 - f) If required by law.

** To jailbreak or root a Mobile Device is to remove the limitations imposed by the manufacturer. This gives access to the operating system, which unlocks all of its features and enables the installation of unauthorized software.*

V. Violation of Policy

Employee

Any employee who violates procedures set forth in this policy may be subject to disciplinary and/or corrective action up to and including termination of employment. The Company retains sole discretion to discipline for and correct violations of this policy as management deems appropriate under the circumstances of each situation.

Company Representative

Any contractor or vendor receiving Mobile Device equipment or reimbursements from the Company is expected to comply with all aspects of this policy. Failure to do so may subject said vendor/contractor to financial penalties and possible civil and/or criminal action.

Recompense

C&S Wholesale Grocers, Inc. and Subsidiaries

By accepting mobile equipment or a stipend for same, the recipient agrees to repay the Company any amounts to which the Company is entitled resulting from any violation of this policy. The Company also reserves the right to pursue any and all means necessary to ensure repayment, including, where appropriate, deduction from an employee's payroll, reduction from vendor invoice remittance, referral to collection, referral to law enforcement and/or legal action.

C&S Wholesale Grocers, Inc. and Subsidiaries

Appendix. Glossary of Terms

Term	Definition
Cell Phone	A cell phone is a portable voice communication device that relies on cellular radio technology to transmit and receive signals. With the advent of smartphones, the term cell phone has come to mean a no-frills, wireless communication device with voice and texting capability, but with few, if any, applications. Given that rudimentary phone capability is rapidly approaching obsolescence and the fact that the cost differential between purchasing and maintaining such equipment vs. more sophisticated smart phones is insignificant, the Company will not procure such equipment in the future. However, should a Mobile Device User elect to maintain a personal basic cell phone, the Company will provide a stipend sufficient to support this option.
Mobile Device	An equipment component capable of exchanging voice, data, or electronic correspondence via wireless media.
Smartphone	A handheld, electronic instrument capable of functioning as an audio and video communication device that can process information and execute business and recreational applications.
Smartphone Application	A computer program written to execute on a Mobile Device and to enhance its functionality. There are already tens of thousands of smartphone applications available to enhance the informational and recreational capabilities of these devices.
Stipend	A fixed sum of money paid to defray expenses.

CELL PHONES AND WIRELESS DEVICES

Purpose:

An employee's position may require that he/she make (and receive) work-related phone calls or email when not in the office. C&S understands that cell phones, smartphones, wireless cards, tablets or stipends may facilitate this requirement for some employees. This Policy details whom is eligible for a cell phone/smartphone/ wireless card or stipend, and what related costs will be paid by the company and the employee.

Eligibility:

To be covered under this Policy, purchase of a cell phone/smartphone/wireless card, tablet or stipend must be authorized in writing by the functional area Senior Vice President (or above) of the employee making the request.

Administration:

Upon determination by the employee's Senior Vice Presidents (or above) approval that a cell phone/smartphone or wireless card is appropriate, the employee's supervisor will submit a request form to the C&S Corporate Help Desk requesting the device and will attach the necessary approvals. Once received, the appropriate plan and equipment will be purchased, if necessary, and distributed to the employee. Only one type of device per employee is permitted, either a cell phone or a smartphone, but not both.

Employees are responsible for the safekeeping of any equipment they are given by the Company; the equipment is to be used for business purposes only. Employees must use their Company email address as their Apple ID for any Apple Mobile Devices. Abuse of the device and/or the service may result in disciplinary action, including restitution for personal data usage which includes: 411 calls, streaming music, videos, You Tube, picture messages, and fee-based services (ringtones, songs, games, etc.), or replacement charges for damaged, lost or stolen equipment.

If you choose a stipend your personal cell number is required to be listed and available in active directory (the Company address book).

C&S will cover the following expenses for Company owned devices (including Company owned lines):

- The original phone or device, charger, auto adapter and/or headset.
- Replacement device every 2 years if the device is not functioning correctly.

C&S will not cover devices, chargers, auto adapters and/or headsets for employees receiving stipends.

- Stipend amounts are:
 - \$30.00 per month for a smartphone

CELL PHONES AND WIRELESS DEVICES

Request Forms: (CSISAM002-02F & CSISAM002-01F)

Request and acceptance forms can be submitted via e-mail to the Administrator. The request must include:

- Full name, Department and EA number; and
- Work location or facility;
- Work phone number;
- SVP (or above) approval;
- Reason for the request; and
- Type of device requested (cell phone or smartphone or stipend).

Any exceptions to this policy may be made only with written approval from your department Senior Vice President (or above)
