SUB-TYPE	PUBLIC RELEASE*	FCI	UUI	CUI BASIC	CUI SPECIFIED			
DEFINITION	* The US Government does not have a "PUBLIC RELEASE" designation for information. This is information that is UUI, but not FCI or CUI designated. Per NARA, UUI is subject to agency-specific "public release policies" so it is information that has undergone a public release review process.	Federal Contract Information (FCI) is not intended for public release. It is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government.	Uncontrolled Unclassified Information (UUI) is information that is <u>neither defined in EO 13556, nor the authorities governing classified information cover as protected</u> . Although this information is not controlled or classified, agencies must still handle it in accordance with Federal Information Security Modernization Act (FISMA) requirements.	A subset of CUI for which the authorizing law, regulation, or Government-wide policy does not set out specific handling or dissemination controls.	A subset of CUI in which the authorizing law, regulation, or Government-wide policy contains specific handling controls that it requires or permits agencies to use that differ from those for CUI Basic. The CUI Registry indicates which laws, regulations, and Government-wide policies include such specific requirements.	Applied to information that the unauthorized disclosure of could reasonably be expected to cause damage to the national security.	Applied to information that the unauthorized disclosure could reasonably be expected to cause serious damage to the national security.	Applied to information that the unauthorized disclosure could reasonably be expected to cause exceptionally grave damage to the national security.
